Growsafe: Updated 12 May 2011

OTAGO
POLYTECHNIC
Te Kura Matatini ki Otago

**Introductory
Growsafe
Cromwell**

Introductory Growsafe

Includes Approved Handler (if eligible)

>

Course outcome:

Candidates will be able to apply agrichemicals safely & accurately according to the Agrichemical User Code of Practice NZS8409.

Requirements for the programme:

The Growsafe course is unit standard based. One assessment must be passed to gain the qualification and you also need to complete the course workbook.

Part 1 Lecture:

The lecture will focus your studies into areas relating to the use of the Growsafe manual. You will learn how to use the Growsafe manual to find relevant information and make appropriate decisions relating to agrichemicals.

Part 2 - Complete the Growsafe workbook

On successful completion of parts 1 & 2 you will gain NZQA unit standards:

421563 - Demonstrate knowledge of HSNO & NZS8409:2004 for the use of agrichemicals.

421564 - Prepare to apply and apply agrichemicals. and receive the Introductory Growsafe Certificate.

If you wish to gain an Approved Handler Certificate please discuss your requirements with Wayne or Trevor.
